

URBAN HOMEWORKS 2021 DONORS

What a year 2021 was! Through the weight of an ever-changing world and an ongoing pandemic, we doubled down on our commitment to our neighbors, residents, and community members. Under the leadership of our new Executive Director AsaleSol Young, we expanded the Equity and Engagement program to support and empower residents, joined partnerships with other strong leaders to help shape policies that impact our community most, and explored alternative homeownership methods to help close the homeownership gap. Now it's time we celebrate an indispensable partner in that work—**you!**

Whether you have been a part of the Urban Homeworks community for decades, just heard about our work last week, or are a part of our Stability Makers, our supporters remain a crucial part of our work. Without you, we wouldn't be able to create long-lasting change for our current and future neighbors.

We are so deeply grateful for everyone who donated, followed, supported, volunteered, spread the word, and contributed to this work in 2021. Our collective commitment to a world in which we all have a safe, dignified place to call home makes a difference in the Twin Cities.

We hope you will join us next year as we continue the fight for a more equitable future for ALL of us.
